

DIGITUS Professional DN-91422

Patch panel - black - RAL 9005 - 0.5U - 19" - 24 ports

Group	Network Accessories
Manufacturer	DIGITUS
Manufacturer item no.	DN-91422
EAN/UPC	4016032343295

Description

The DIGITUS 24-port 0.5 U modular patch panel delivers a high density offering with the benefit of a single row of keystone jacks. The single row of jacks means that the installation is straight forward and allows an individual jack to be removed if required. As the panel allows, by using two panels together, the ability to present 48 keystone jacks in 1 U of rack space. Using two 0.5 U panels ensures that the jacks are all aligned the correct way up.
