Kensington®

USB-C to 2.5G Ethernet Adapter

Increase productivity and decrease down time.

K38285WW

Product Description

Increase productivity and decrease down time. The USB-C to 2.5G Ethernet Adapter delivers transfer speeds up to 2.5 times faster than current 1Gbps solutions, providing a reliable connection and rapid data transfer speeds.* Bus-powered, with no power supply needed – simply connect it, and it works. Two-year warranty. * Your network must support 2.5Gbps Ethernet speeds over Cat5e or greater cabling.

Features

- Up to 2.5 times faster than current 1Gbps solutions. Providing a reliable connection and rapid data transfer speeds.* * Your network must support 2.5Gbps Ethernet speeds over Cat5e or greater cabling.

- Faster upload and download speeds and better reliability than WiFi means less time waiting and more time doing.

- Bus-powered, with no power supply needed – simply connect it, and it works.

- With a 2-year warranty, you can rest assured knowing you're covered by Kensington.
